

## **Open PhD position in Computational Chemistry at the University of Bonn, Germany.**

The group of Prof. Dr. Barbara Kirchner has currently a PhD position open in computational chemistry. The position is part of the MSCA-ETN Horizon 2020 network SOCRATES (WP2: metal recovery):

<http://etn-socrates.eu/>

If the applicant wants to know about what we are doing:

<https://www.chemie.uni-bonn.de/pctc/mulliken-center/kirchner/research>

<https://www.chemie.uni-bonn.de/pctc/mulliken-center/kirchner/publications>

Interested candidates can contact Prof. Kirchner via email ([kirchner@thch.uni-bonn.de](mailto:kirchner@thch.uni-bonn.de)).

The payment is based on EU guidelines for a MSCA training network (100 % plus travel expenses) until mid 2020 and it might be possible to elongate this kind of payment beyond this date.

### **IMPORTANT REMARKS:**

There are special requirements for the applicant: We can only hire someone who has lived or worked in Germany for a maximum of one year in the last three years.
